

United States Embassy Skopje
Security Message for U.S. Citizens: Security Update
May 10, 2015

U.S. Embassy Skopje informs U.S. citizens that we have been closely following the events in Kumanovo (for additional details, refer to [May 9, 2015 security message](#)), as well as the possibility of continued demonstrations in Skopje (for additional details, refer to [May 8, 2015 security message](#)). The Skopje marathon was cancelled this morning due to broad security concerns. We are unaware of a specific threat in Skopje.

U.S. citizens in Macedonia should stay aware of their surroundings and avoid areas of demonstrations. Exercise caution if in the vicinity of any large gatherings, protests, or demonstrations. Even demonstrations intended to be peaceful can turn confrontational and escalate into violence. U.S. citizens are advised to respect local laws, pay close attention to developments and potential traffic disruptions through local media, and plan alternate routes should you find your original plans affected. Further demonstrations may form with little or no notice.

We strongly recommend that U.S. citizens traveling to or residing in Macedonia enroll in the Department of State's [Smart Traveler Enrollment Program](#) (STEP). STEP enrollment gives you the latest security updates, and makes it easier for the U.S. embassy or nearest U.S. consulate to contact you in an emergency. If you do not have Internet access, enroll directly with the nearest U.S. embassy or consulate.

Regularly monitor the [State Department's website](#), where you can find current Travel Warnings, Travel Alerts, and the Worldwide Caution. Read the Country Specific Information for Macedonia. For additional information, refer to the "[Traveler's Checklist](#)" on the State Department's website.
